

Presenting the gateway to Kerala - one of India's largest gold jewellery markets.

The Kerala Gem and Jewellery Show, at the Le Meridien Resort and Convention Centre, Cochin, November 14-16, 2008. Brought to you by The Art of Jewellery: India's No.1 Jewellery Magazine. An event that makes immense business sense.

It's the first of its kind in Kerala, opening the gates to one of India's largest gold jewellery markets. Offering excellent opportunities to make new business connections, tie-ups, trade partnerships and most importantly make face-to-face contacts with the right people.

The KGJS is a unique platform to promote and showcase your latest designs, products and services which can cater to the growing needs of the retail jewellery sector. And is conveniently timed to tap the market before Christmas, New Year and the wedding season.

The KGJS. Go ahead, tap the potential in God's own country
